EMPLOYMENT HISTORY

Projects:

Project name : Thredup March 2024 - August 2024

Client : Remix Global AD (US)

Domain : E Com

Description :

thredUP is transforming resale with the mission to inspire a new generation of consumers to think secondhand first. By making it easy to buy and sell secondhand, thredUP has become one of the world's largest resale platforms for women's and kids' apparel, shoes, and accessories. thredUP is extending the life cycle of clothing, changing the way consumers shop, and ushering in a more sustainable future for the fashion industry.

Roles and Responsibilities :

- Develop and maintain responsive user interfaces for e-commerce and rental domain projects using React.js, HTML5, CSS, and Bootstrap, ensuring optimal user experiences across devices.
- Implement state management solutions with React Redux and Redux Toolkit to manage complex data flows and maintain application state integrity.
- Collaborate with UX/UI designers to translate design mockups into functional React components, adhering to user interface design principles and Material-UI guidelines.
- Utilize React Hooks and React Router to create dynamic and interactive user interfaces, facilitating smooth navigation and seamless user interactions.
- Integrate authentication mechanisms, including token-based authentication, to ensure secure access to e-commerce and rental platforms, enhancing user privacy and data security.
- Handle HTTPS requests and responses for efficient data communication between the client-side React application and the server-side APIs, ensuring reliable data retrieval and updates.
- Implement dynamic data binding and props management to render dynamic content and facilitate user interaction with e-commerce product listings, rental listings, and checkout processes.
- Ensure codebase maintainability and collaboration by adhering to version control best practices using Git, enabling efficient code reviews and team collaboration.

DECLARATION

I hereby declare that all above-mentioned information is in accordance with fact or truth up to my knowledge and I bear the responsibilities for the correctness of the above-mentioned particulars.
